

## Suma Diversol CX

Revision: 2026-06-01

Version: 01.1

### SECTION 1: Identification of the substance/mixture and supplier

#### 1.1 Product identifier

**Product name:** Suma Diversol CX

#### 1.2 Recommended use and restrictions on use

**Identified uses:**

Chlorinated powder cleaner/sanitiser

**Restrictions of use:**

Uses other than those identified are not recommended

#### 1.3 Details of the supplier

Diversey Australia Pty. Limited  
1612 Centre Road, Springvale,  
VIC 3171, AUSTRALIA  
Telephone: 1800 647 779 (toll free)

**Product information:**

Email: [aucustserv@solenis.com](mailto:aucustserv@solenis.com)

Website: [products.solenis.com/en-AU](http://products.solenis.com/en-AU)

#### 1.4 Emergency telephone number

Seek medical advice (show the label or safety data sheet where possible)

Call 1800 033 111 (24hrs)

### SECTION 2: Hazards identification

#### 2.1 Classification of the substance or mixture

Specific target organ toxicity (single exposure), Category 3

Skin irritation, Category 2

Eye irritation, Category 2

#### 2.2 Label elements

**Signal word:** Warning

**Hazard statements:**

H315 + H319 - Causes skin and serious eye irritation.

AUH031 - Contact with acids liberates toxic gas.

H335 - May cause respiratory irritation.

**Prevention statement(s):**

P261 - Avoid breathing dust.

P261 - Avoid breathing vapours.

P264 - Wash face, hands and any exposed skin thoroughly after handling.

P271 - Use only outdoors or in a well-ventilated area.

P280 - Wear protective gloves.

**Response statement(s):**

P302 + P352 - IF ON SKIN: Wash with plenty of soap and water.

P332 + P313 - If skin irritation occurs: Get medical advice or attention.

P304 + P340 - IF INHALED: Remove person to fresh air and keep comfortable for breathing.

P305 + P351 + P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P337 + P313 - If eye irritation persists: Get medical advice or attention.

P312 - Call a POISON CENTRE, doctor or physician if you feel unwell.

P321 - Specific treatment (see supplemental first aid instructions on this label).

P362 - Take off contaminated clothing.

## Suma Diversol CX

**Storage statement(s):**

P403 + P233 - Store in a well-ventilated place. Keep container tightly closed.  
 P405 - Store locked up.

**Disposal statement(s):**

P501 - Dispose of unused content as chemical waste.

**2.3 Other hazards****SECTION 3: Composition/information on ingredients****3.1 Substances / Mixtures**

| Ingredient(s)                                   | CAS#       | EC number | Weight percent |
|-------------------------------------------------|------------|-----------|----------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) | 11084-85-8 | 234-307-8 | >= 75          |

Non-hazardous ingredients are the remainder and add up to 100%.

[4] Polymer.

Workplace exposure limit(s), if available, are listed in subsection 8.1.

For the full text of the H and AUH phrases mentioned in this Section, see Section 16.

**SECTION 4: First aid measures****4.1 Description of first aid measures****Inhalation:**

Remove person to fresh air and keep comfortable for breathing.

**Skin contact:**

Wash skin with plenty of lukewarm, gently flowing water. Take off immediately all contaminated clothing and wash it before reuse. If skin irritation occurs: Get medical advice or attention.

**Eye contact:**

Immediately rinse eyes cautiously with lukewarm water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice or attention. If irritation occurs and persists, get medical attention.

**Ingestion:**

Rinse mouth. Immediately drink 1 glass of water. Keep at rest. Immediately call a POISON CENTRE, doctor or physician.

**Self-protection of first aider:**

Consider personal protective equipment as indicated in subsection 8.2.

**First aid facilities:**

Eyewash facilities should be considered in a workplace where necessary.

**4.2 Most important symptoms and effects, both acute and delayed****Inhalation:**

May cause respiratory irritation. May cause bronchospasm in chlorine sensitive individuals.

**Skin contact:**

Causes irritation.

**Eye contact:**

Causes severe irritation.

**Ingestion:**

No known effects or symptoms in normal use.

**4.3 Indication of any immediate medical attention and special treatment needed**

No information available on clinical testing and medical monitoring. Specific toxicological information on substances, if available, can be found in section 11.

**Poison Information Center:**

Call 13 11 26 (Australia Wide).

**SECTION 5: Firefighting measures****5.1 Extinguishing media**

Carbon dioxide. Dry powder. Water spray jet. Fight larger fires with water spray jet or alcohol-resistant foam.

**5.2 Special hazards arising from the substance or mixture**

No special hazards known.

**5.3 Advice for firefighters**

As in any fire, wear self contained breathing apparatus and suitable protective clothing including gloves and eye/face protection.

**5.4 Hazchem code****SECTION 6: Accidental release measures****6.1 Personal precautions, protective equipment and emergency procedures**

Ensure adequate ventilation. Do not breathe dust or vapour. Wear suitable gloves.

**6.2 Environmental precautions**

Do not allow to enter drainage system, surface or ground water.

## Suma Diversol CX

**6.3 Methods and material for containment and cleaning up**

Collect mechanically. Ensure adequate ventilation.

**6.4 Reference to other sections**

For personal protective equipment see subsection 8.2. For disposal considerations see section 13.

**SECTION 7: Handling and storage****7.1 Precautions for safe handling****Measures to prevent fire and explosions:**

No special precautions required.

**Measures required to protect the environment:**

For environmental exposure controls see subsection 8.2.

**Advice on general occupational hygiene:**

Handle in accordance with good industrial hygiene and safety practice. Keep away from food, drink and animal feeding stuffs. Do not mix with other products unless advised by Diversey. Wash hands before breaks and at the end of workday. Wash face, hands and any exposed skin thoroughly after handling. Take off immediately all contaminated clothing. Use personal protective equipment as required. Avoid contact with skin and eyes. Do not breathe dust. Do not breathe vapours. Use only with adequate ventilation.

**7.2 Conditions for safe storage, including any incompatibilities**

Store in accordance with local and national regulations. Keep only in original packaging. Store in a closed container. Store in a well-ventilated place.

For conditions to avoid see subsection 10.4. For incompatible materials see subsection 10.5.

**7.3 Specific end use(s)**

No specific advice for end use available.

**SECTION 8: Exposure controls/personal protection****8.1 Control parameters****Workplace exposure limits**

Air limit values, if available:

Biological limit values, if available:

**8.2 Exposure controls**

*The following information applies for the uses indicated in subsection 1.2 of the Safety Data Sheet.*

*If available, please refer to the product information sheet for application and handling instructions.*

*Normal use conditions are assumed for this section.*

*Recommended safety measures for handling the undiluted product:*

**Appropriate engineering controls:**

The product is intended to be used in closed systems.

**Appropriate organisational controls:**

Avoid direct contact and/or splashes where possible. Train personnel.

**Personal protective equipment****Eye / face protection:**

No special requirements under normal use conditions.

**Hand protection:**

Chemical-resistant protective gloves (AS/NZS 2161.10). Verify instructions regarding permeability and breakthrough time, as provided by the gloves supplier. Consider specific local use conditions, such as risk of splashes, cuts, contact time and temperature.

Suggested gloves for prolonged contact: Material: butyl rubber Penetration time:  $\geq 480$  min Material thickness:  $\geq 0.7$  mm

Suggested gloves for protection against splashes: Material: nitrile rubber Penetration time:  $\geq 30$  min Material thickness:  $\geq 0.4$  mm

In consultation with the supplier of protective gloves a different type providing similar protection may be chosen.

**Body protection:**

No special requirements under normal use conditions.

**Respiratory protection:**

If exposure to dust cannot be avoided use: half mask (EN 140) with particle filter P2 (EN 143) or full-face mask (EN 136) with particle filter P1 (EN 143) Consider specific local use conditions. In consultation with the supplier of respiratory protection equipment a different type providing similar protection may be chosen.

**Environmental exposure controls:**

No special requirements under normal use conditions.

**SECTION 9: Physical and chemical properties**

## Suma Diversol CX

## 9.1 Information on basic physical and chemical properties

**Physical state:** Solid**Appearance:** Powder**Colour:** Pink**Odour:** Chlorine**Odour threshold:** Not applicable**pH:**  $\approx$  (neat)**Dilution pH:**  $\approx$  12 (1%)**Melting point/freezing point (°C):** Not determined**Initial boiling point and boiling range (°C):** Not determined

## Method / remark

Not relevant to classification of this product

**Flammability (liquid):** Not applicable.**Flash point (°C):** > 100 °C**Sustained combustion:** Not applicable.

( UN Manual of Tests and Criteria, section 32, L.2 )

closed cup

**Evaporation rate:** Not determined**Flammability (solid, gas):** Not determined**Lower and upper explosion limit/flammability limit (%):** Not determined**Vapour pressure:** Not determined**Relative density:** Not determined**Relative vapour density:** No data available.**Particle characteristics:** Not determined.**Solubility in / Miscibility with water:** Soluble**Partition coefficient: n-octanol/water** No information available.

Not applicable to solids

Not relevant to classification of this product.

Substance data, partition coefficient n-octanol/water (log Kow): see subsection 12.3

**Autoignition temperature:** Not determined**Decomposition temperature:** Not applicable.**Kinematic viscosity:** Not determined**Explosive properties:** Not explosive.**Oxidising properties:** Not oxidising.

## 9.2 Other information

**Surface tension (N/m):** Not determined**Corrosion to metals:** Not determined

Not applicable to solids or gases

**SECTION 10: Stability and reactivity****10.1 Reactivity**

No reactivity hazards known under normal storage and use conditions.

**10.2 Chemical stability**

Stable under normal storage and use conditions.

**10.3 Possibility of hazardous reactions**

No hazardous reactions known under normal storage and use conditions.

**10.4 Conditions to avoid**

None known under normal storage and use conditions.

**10.5 Incompatible materials**

Reacts with acids releasing toxic chlorine gas. Keep away from acids.

**10.6 Hazardous decomposition products**

None known under normal storage and use conditions. Chlorine.

**SECTION 11: Toxicological information****11.1 Information on toxicological effects**Mixture data:**Relevant calculated ATE(s):**

ATE - Oral (mg/kg): &gt;5000

## Suma Diversol CX

Substance data, where relevant and available, are listed below:.

**Acute toxicity**

## Acute oral toxicity

| Ingredient(s)                                   | Endpoint         | Value (mg/kg) | Species | Method           | Exposure time (h) |
|-------------------------------------------------|------------------|---------------|---------|------------------|-------------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) | LD <sub>50</sub> | > 2000        | Rat     | Method not given |                   |

## Acute dermal toxicity

| Ingredient(s)                                   | Endpoint | Value (mg/kg)     | Species | Method | Exposure time (h) |
|-------------------------------------------------|----------|-------------------|---------|--------|-------------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) |          | No data available |         |        |                   |

## Acute inhalative toxicity

| Ingredient(s)                                   | Endpoint | Value (mg/l)      | Species | Method | Exposure time (h) |
|-------------------------------------------------|----------|-------------------|---------|--------|-------------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) |          | No data available |         |        |                   |

**Irritation and corrosivity**

## Skin irritation and corrosivity

| Ingredient(s)                                   | Result   | Species | Method | Exposure time |
|-------------------------------------------------|----------|---------|--------|---------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) | Irritant |         |        |               |

## Eye irritation and corrosivity

| Ingredient(s)                                   | Result   | Species | Method | Exposure time |
|-------------------------------------------------|----------|---------|--------|---------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) | Irritant |         |        |               |

## Respiratory tract irritation and corrosivity

| Ingredient(s)                                   | Result                          | Species | Method | Exposure time |
|-------------------------------------------------|---------------------------------|---------|--------|---------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) | Irritating to respiratory tract |         |        |               |

**Sensitisation**

## Sensitisation by skin contact

| Ingredient(s)                                   | Result            | Species | Method | Exposure time (h) |
|-------------------------------------------------|-------------------|---------|--------|-------------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) | No data available |         |        |                   |

## Sensitisation by inhalation

| Ingredient(s)                                   | Result            | Species | Method | Exposure time |
|-------------------------------------------------|-------------------|---------|--------|---------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) | No data available |         |        |               |

**CMR effects (carcinogenicity, mutagenicity and toxicity for reproduction)**

## Mutagenicity

| Ingredient(s)                                   | Result (in-vitro) | Method (in-vitro) | Result (in-vivo)  | Method (in-vivo) |
|-------------------------------------------------|-------------------|-------------------|-------------------|------------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) | No data available |                   | No data available |                  |

## Carcinogenicity

| Ingredient(s)                                   | Effect            |
|-------------------------------------------------|-------------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) | No data available |

## Toxicity for reproduction

| Ingredient(s)                                   | Endpoint | Specific effect | Value (mg/kg bw/d) | Species | Method | Exposure time | Remarks and other effects reported |
|-------------------------------------------------|----------|-----------------|--------------------|---------|--------|---------------|------------------------------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) |          |                 | No data available  |         |        |               |                                    |

**Repeated dose toxicity**

## Sub-acute or sub-chronic oral toxicity

| Ingredient(s)                                   | Endpoint | Value (mg/kg bw/d) | Species | Method | Exposure time (days) | Specific effects and organs affected |
|-------------------------------------------------|----------|--------------------|---------|--------|----------------------|--------------------------------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) |          | No data            |         |        |                      |                                      |

## Suma Diversol CX

|  |  |           |  |  |  |  |
|--|--|-----------|--|--|--|--|
|  |  | available |  |  |  |  |
|--|--|-----------|--|--|--|--|

## Sub-chronic dermal toxicity

| Ingredient(s)                                   | Endpoint | Value (mg/kg bw/d) | Species | Method | Exposure time (days) | Specific effects and organs affected |
|-------------------------------------------------|----------|--------------------|---------|--------|----------------------|--------------------------------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) |          | No data available  |         |        |                      |                                      |

## Sub-chronic inhalation toxicity

| Ingredient(s)                                   | Endpoint | Value (mg/kg bw/d) | Species | Method | Exposure time (days) | Specific effects and organs affected |
|-------------------------------------------------|----------|--------------------|---------|--------|----------------------|--------------------------------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) |          | No data available  |         |        |                      |                                      |

## Chronic toxicity

| Ingredient(s)                                   | Exposure route | Endpoint | Value (mg/kg bw/d) | Species | Method | Exposure time | Specific effects and organs affected | Remark |
|-------------------------------------------------|----------------|----------|--------------------|---------|--------|---------------|--------------------------------------|--------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) |                |          | No data available  |         |        |               |                                      |        |

## STOT-single exposure

| Ingredient(s)                                   | Affected organ(s) |
|-------------------------------------------------|-------------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) | No data available |

## STOT-repeated exposure

| Ingredient(s)                                   | Affected organ(s) |
|-------------------------------------------------|-------------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) | No data available |

## Aspiration hazard

Substances with an aspiration hazard (H304), if any, are listed in section 3. If relevant, see section 9 for dynamic viscosity and relative density of the product.

## Potential adverse health effects and symptoms

Effects and symptoms related to the product, if any, are listed in subsection 4.2.

## SECTION 12: Ecological information

## 12.1 Toxicity

No data is available on the mixture.

Substance data, where relevant and available, are listed below:

## Aquatic short-term toxicity

Aquatic short-term toxicity - fish

| Ingredient(s)                                   | Endpoint | Value (mg/l)      | Species | Method | Exposure time (h) |
|-------------------------------------------------|----------|-------------------|---------|--------|-------------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) |          | No data available |         |        |                   |

Aquatic short-term toxicity - crustacea

| Ingredient(s)                                   | Endpoint | Value (mg/l)      | Species | Method | Exposure time (h) |
|-------------------------------------------------|----------|-------------------|---------|--------|-------------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) |          | No data available |         |        |                   |

Aquatic short-term toxicity - algae

| Ingredient(s)                                   | Endpoint | Value (mg/l)      | Species | Method | Exposure time (h) |
|-------------------------------------------------|----------|-------------------|---------|--------|-------------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) |          | No data available |         |        |                   |

Aquatic short-term toxicity - marine species

| Ingredient(s)                                   | Endpoint | Value (mg/l)      | Species | Method | Exposure time (days) |
|-------------------------------------------------|----------|-------------------|---------|--------|----------------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) |          | No data available |         |        |                      |

Impact on sewage plants - toxicity to bacteria

| Ingredient(s) | Endpoint | Value | Inoculum | Method | Exposure |
|---------------|----------|-------|----------|--------|----------|
|---------------|----------|-------|----------|--------|----------|

## Suma Diversol CX

|                                                 |  | (mg/l)            |  |  | time |
|-------------------------------------------------|--|-------------------|--|--|------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) |  | No data available |  |  |      |

**Aquatic long-term toxicity**

Aquatic long-term toxicity - fish

| Ingredient(s)                                   | Endpoint | Value (mg/l)      | Species | Method | Exposure time | Effects observed |
|-------------------------------------------------|----------|-------------------|---------|--------|---------------|------------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) |          | No data available |         |        |               |                  |

Aquatic long-term toxicity - crustacea

| Ingredient(s)                                   | Endpoint | Value (mg/l)      | Species | Method | Exposure time | Effects observed |
|-------------------------------------------------|----------|-------------------|---------|--------|---------------|------------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) |          | No data available |         |        |               |                  |

Aquatic toxicity to other aquatic benthic organisms, including sediment-dwelling organisms, if available:

**Terrestrial toxicity**

Terrestrial toxicity - soil invertebrates, including earthworms, if available:

Terrestrial toxicity - plants, if available:

Terrestrial toxicity - birds, if available:

Terrestrial toxicity - beneficial insects, if available:

Terrestrial toxicity - soil bacteria, if available:

**12.2 Persistence and degradability****Abiotic degradation**

Abiotic degradation - photodegradation in air, if available:

Abiotic degradation - hydrolysis, if available:

Abiotic degradation - other processes, if available:

**Biodegradation**

Ready biodegradability - aerobic conditions

| Ingredient(s)                                   | Inoculum | Analytical method | DT <sub>50</sub> | Method | Evaluation                           |
|-------------------------------------------------|----------|-------------------|------------------|--------|--------------------------------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) |          |                   |                  |        | Not applicable (inorganic substance) |

Ready biodegradability - anaerobic and marine conditions, if available:

Degradation in relevant environmental compartments, if available:

**12.3 Bioaccumulative potential**

Partition coefficient n-octanol/water (log Kow)

| Ingredient(s)                                   | Value             | Method | Evaluation | Remark |
|-------------------------------------------------|-------------------|--------|------------|--------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) | No data available |        |            |        |

Bioconcentration factor (BCF)

| Ingredient(s)                                   | Value             | Species | Method | Evaluation | Remark |
|-------------------------------------------------|-------------------|---------|--------|------------|--------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) | No data available |         |        |            |        |

**12.4 Mobility in soil**

Adsorption/Desorption to soil or sediment

| Ingredient(s)                                   | Adsorption coefficient Log Koc | Desorption coefficient Log Koc(des) | Method | Soil/sediment type | Evaluation |
|-------------------------------------------------|--------------------------------|-------------------------------------|--------|--------------------|------------|
| Sodium hypochlorite phosphate (Na13(ClO)(PO4)4) | No data available              |                                     |        |                    |            |

**12.5 Other adverse effects**

No other adverse effects known.

**SECTION 13: Disposal considerations****13.1 Waste treatment methods****Waste from residues / unused products:**

The concentrated contents or contaminated packaging should be disposed of by a certified handler or according to the site permit. Release of waste to sewers is discouraged. The cleaned packaging material is suitable for energy recovery or recycling in line with local legislation.

**Empty packaging****Recommendation:**

Dispose of observing national or local regulations.

**SECTION 14: Transport information****ADG, IMO/IMDG, ICAO/IATA**

**14.1 UN number or ID number:** Non-dangerous goods

**14.2 UN proper shipping name:** Non-dangerous goods

**14.3 Transport hazard class(es):** Non-dangerous goods

**14.4 Packing group:** Non-dangerous goods

**14.5 Environmental hazards:** Non-dangerous goods

**14.6 Special precautions for user:** Non-dangerous goods

**14.7 Maritime transport in bulk according to IMO instruments:** Non-dangerous goods

**SECTION 15: Regulatory information****15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture****National regulations**

Globally Harmonised System of Classification and Labelling of Chemicals (GHS) as published by Safework Australia.

**Poison schedule**

Classified as a Schedule 5 (S5) Poison using the criteria in the Standard for the Uniform Scheduling of Medicines and Poisons (SUSMP).

**Classification**

Globally Harmonised System of Classification and Labelling of Chemicals (GHS) as published by Safework Australia.

**Inventory listing(s)**

Australian Inventory of Industrial Chemicals: All components are listed on the inventory, or are exempt.

**SECTION 16: Other information**

*The information in this document is based on our best present knowledge. However, it does not constitute a guarantee for any specific product features and does not establish a legally binding contract*

**SDS code:** MS3100420

**Version:** 01.1

**Revision:** 2026-06-01

**Additional information:**

**Respirators:** In general the use of respirators should be limited and engineering controls employed to avoid exposure. If respiratory equipment must be worn ensure correct respirator selection and training is undertaken. Remember that some respirators may be extremely uncomfortable when used for long periods. The use of air powered or air supplied respirators should be considered where prolonged or repeated use is necessary.

**Work practices - solvents:** Organic solvents may present both a health and flammability hazard. It is recommended that engineering controls should be adopted to reduce exposure where practicable (for example, if using indoors, ensure explosion proof extraction ventilation is available). Flammable or combustible liquids with explosive limits have the potential for ignition from static discharge. Refer to AS 1020 (The control of undesirable static electricity) and AS 1940 (The storage and handling of flammable and combustible liquids) for control procedures.

**Personal protective equipment guidelines:** The recommendation for protective equipment contained within this report is provided as a guide only. Factors such as method of application, working environment, quantity used, product concentration and the availability of engineering controls should be considered before final selection of personal protective equipment is made.

**Health effects from exposure:** It should be noted that the effects from exposure to this product will depend on several factors including: frequency and duration of use; quantity used; effectiveness of control measures; protective equipment used and method of application. Given

**Suma Diversol CX**

that it is impractical to prepare a Safety Data Sheet which would encompass all possible scenarios, it is anticipated that users will assess the risks and apply control methods where appropriate.

**Abbreviations and acronyms:**

- ATE - Acute Toxicity Estimate
- LC50 - Lethal Concentration, 50% / Median Lethal Concentration
- LD50 - Lethal Dose, 50% / Median Lethal dose
- STOT-RE - Specific target organ toxicity (repeated exposure)
- STOT-SE - Specific target organ toxicity (single exposure)
- EC No. - European Community Number

**End of Safety Data Sheet**
